COOPERS LANE MAGIC

I hope you all had a lovely half term break. The children bounced back into school this week, so I think the short break has done them good. It's been a short week because of the inset day, but we've still managed to squeeze in lots of great learning and fun. This morning we had the sports day for Y4,5 and 6. It was such a brilliant event and we had so many spectators cheering the children on, which was wonderful. The Coopers Lane Magic was definitely in the air! Thank you for coming along and supporting the children.

This year, to be more inclusive, we changed things up and had an egg and spoon race for parents and carers. It was amazing to see so many family members joining in the fun. Well done Coopers Lane, what a fantastic day.

The girls football team are playing in the cup final on Blackheath tomorrow morning (Saturday 8th June). Kick off is at 10am, so come along and cheer them on if you can. Good luck girls. We're so proud of you!
Have a lovely weekend.

NURSERY

Our topic in Nursery this half term is sea sides and holidays. This week we have been reading the Rainbow Fish story. The children have loved talking about the moral of the story. They have been sticking lots of coloured scales on the Rainbow Fish and obviously one shiny one. Millie and Milani loved using the numbers to make a pattern. The hairdressers has been a great success in Nursery. The children even did Donna's hair for her. (Which she loved)

RECEPTION

We have loved hearing all about what the children got up to over the holiday and seeing the children enthusiastically getting on with their learning. We have spent lots of time outside this week in the warmer weather and have enjoyed den building, playing in the water and using the large Numicon.

YEAR 1

Year 1's topic this week has been Prime Ministers. They have learnt about Parliament, the Government, Prime Ministers past & present and significant symbols such as the Union Jack, Downing Street and the Houses of Parliament. They've drawn, painted, built and used ICT to recreate some of these. They have also been learning about doubles in Maths, and created some symmetrical butterflies and ladybirds in the wild with their number sentences. Great work Year 1!

YEAR 2

Year 2 have immersed themselves in our new topic this week - The Great Fire of London- by enjoying their launch day on Monday and visiting St Paul's Cathedral. They were so sensible during their trip to London and made all the adults proud. On launch day, they made Tudor houses and learnt why the fire was able to spread so easily.

YEAR 3

As part of our Religious Education learning this year, we visited the Woolwich Gurdwara. We learnt about the Sikh religion and how they believe everyone is equal. We were welcomed by Jagir who showed us around, we saw the Guru Granth Sahib, we saw the 5 Ks and visited the langar. In the langar, we were given crisps and a bottle of water as Sikhs believe everyone is welcome to share a meal. We want to say a massive thank you to Jagir for making us feel so welcome!

YEAR 4

It has been a superbly busy week in Year 4 this week. We started the week with a huge game of rounders outside, Angel Class versus Knightsbridge. We

had so much fun competing against each other and we can't wait for a re-match next week! On Thursday, we had

our History launch day for our new topic, Christianity in Britain. We created our own illuminated letters, tea stained

our own 'Edict of Milan' and used chromebooks to research Emperor Constantine. To top it all off, we had an amazing time enjoying our sports day!

YEAR 5

This week we kickstarted our history topic 'The Rise and Fall of the British Empire' with an exciting launch morning. First we made sure we understood what an empire is and thought about other empires we had already studied in history (such as the Roman Empire and the Islamic Empire). Then we created a timeline and looked at significant events in the creation of the British Empire and investigated the chronology. Finally we learned about lots of new products that came to Britain as a result of all the trading and we had great fun eating our way around the British Empire!

YEAR 6

The great annual Year 6 buggy race took place just before half term! We spent several weeks designing and making our buggies. It was challenging measuring, sawing and gluing the wood for the frame and then creating a circuit to make our buggies work, but we all persevered and created some wonderful buggies.

Well done to all of the children who participated in the race!
